

Criteria for returning PVC Pipes and Fittings

PVC pipes are 100% recyclable and can be reprocessed and manufactured into new pipes. Iplex can accept any NZ manufactured PVC pipes, offcuts and fittings

Yes Please!	No Thanks
Clean Iplex NZ Manufactured PVC pipes and off-cuts	Pipe with rubber rings fitted, fittings with rubber rings and retaining caps
Minimal dust and dirt on the outside and inside walls of the pipe	Heavily soiled / dirty pipe or used Sewage pipe
All rubber rings and retaining caps are to be removed from pipe and fittings	Marking tape or Non-PVC items or General Waste
Maximum length – 500mm	

Iplex reserves the right to charge the customer after collection if:

- i. The crate is damaged prior to collection.
- ii. The crate is not able to be returned.
- iii. Clean pipe offcuts are contaminated.
- iv. The site is not accessible as time of collection.
- v. A hiab is required for collection.
- vi. If pipe offcuts are not Iplex products.
